RECOMMENDATIONS

Suggested actions based on sales, order, and inventory performance.

INVENTORY PLANNING

Maintain sufficient stock for high-demand categories, especially Outerwear & Coats.

PRODUCT STRATEGY

Prioritize top-selling products in purchasing and marketing campaigns.

RETURNS & CANCELLATIONS

Investigate returned and cancelled orders to improve customer experience and reduce losses.

DISTRIBUTION OPTIMIZATION

Allocate more inventory to high-performing distribution centers such as Houston TX.

DEMAND FORECASTING

Use monthly forecasting to support purchasing and replenishment decisions.

LOW STOCK CONTROL

Monitor the 15,229 products with only 1–10 items available and prioritize urgent replenishment.
